## VensureHR Forms Partnership with Global Accelerator Network

**Chandler, AZ, April 30, 2021** —Today, VensureHR, the human resources consulting and support arm of Vensure Employer Services, announced the official partnership with Global Accelerator Network (GAN) out of Denver, CO. GAN is a group of expert business consultants, known as Accelerators, who help domestic and internationally based startups grow their companies.

GAN Accelerators give startups the critical connections, support, and capital needed to drive success during the beginning stages of the business. Most startups who work with a GAN Accelerator raise an excess of \$750K in capital. Over the last decade, upwards of ten thousand startups have utilized a GAN Accelerator, and a remarkable 88% of those startups are still in business today.

“From our perspective, there is very little we aren’t willing to do to help our clients’ companies succeed—especially after last year,” commented Phil Urso, Chief Sales Officer at VensureHR. “Our goal is to offer the products and services business owners can use to thrive in cities all across the U.S. and Canada. Add in GAN’s ‘founder-first mindset,’ and we have a unique advantage for business owners looking for that little something extra to set them apart from the competition.”

As an industry-leading professional employer organization (PEO), VensureHR offers the administrative and human resource support these startups need. Through VensureHR’s partnership with GAN startups are able keep all their focus on the growth and success of their business initiatives while simplifying administrative and operational processes, mitigating risk, lowering costs, and allow startups to.

VensureHR and GAN are focused on providing superior client service, ensuring clients feel supported every step of the way as they take their business to the next level.

### **About VensureHR**

VensureHR, HR consulting and support division of Vensure Employer Services, is a privately owned professional employer organization (PEO) headquartered in Chandler, Arizona.
